		Revisión 01	Página 1/1

DOWN ESPAÑA – the Spanish Federation of Down Syndrome Institutions – has established a Quality Management System, whose scope is:

"Design and Development of programs to help people with Down syndrome and their families. Services for the coordination of the federated institutions in order to access to funds, public or private capital, aimed at intervention in this group and information dissemination services to raise awareness among society".

The Management of **DOWN ESPAÑA** states that its management strategy is based on the following values:

- Commitment to people with Down syndrome and their families
- Transparency in our actions.
- Innovation to improve in our every day work.
- Leadership in claiming and defending the rights covered by the Convention on the Rights of Persons with Disabilities.
- Inclusive perspective in all actions, activities and programs.

The commitments assumed by **DOWN ESPAÑA's** Management within this framework are:

- Establish and review Quality Objectives.
- Accomplish requirements applicable to our activity, including current legislation.
- Establish and maintain an effective Quality Management System and continually improve it.

The Quality Management System is based on the **UNE-EN-ISO 9001: 2015 Standard**.
